

D 40 IP 20 Tuneable white IP20 32 G

1 x Tuneable white LED array with 32mm ø colour-mixing lens per module

Modular lighting system

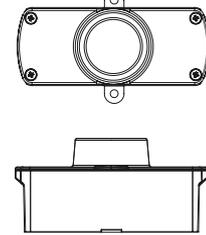

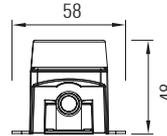

Adjustable angle mounting bracket.
Polycarbonate. Black or white finish.

Fixed angle mounting bracket

Nominal 100mm module length

1 x Tuneable white LED array with 32mm ø Gaggione colour-mixing lens per module

Modular, 3D flexible LED linear lighting system

Product description:

For use in a variety of interior lighting applications where a small tuneable white projector is required.

Each module - 2 or 4 x Luxeon or Bridgelux LEDs, with an efficient colour blending 32 mm Gaggione lens

Up to 5.0 Watts per 100mm module.

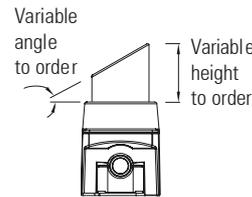

Up to 48 V DC supply with integral LV constant current driver or remote Eldoled 4 Channel DMX / DALI driver

Remote DMX / DALI controller can be located up to 50 mtrs from the LED system
Satin black, satin white or any RAL paint colour finish

Side, back and end power feed and connector options

Various mounting options and bracket types are available including custom solutions

Anti-glare snoot:

Up to 510 Lumens per 100 mm module

Custom combinations of different colour temp. white-light LEDs can be specified
