#### Micro Ribbed Pendant

Miniature interior 5 Watt LED pendant

#### Product description:

Miniature pendant designed to be used in a wide variety of hospitality and residential applications where the quality and control of light is of high importance

Each pendant comprises 1 x Cree XPE, XPG, XQE or XHP35 LED or Osram Oslon LED with a Ledil Heidi or Emily lens. Up to 5 Watts

Wide range of LED colour temperature and CRI options available

Wide range of beam angle options available

The pendant can be suspended from either the Radiant Micro Track, one of the smallest low voltage tracks on the market, or from an individual surface mount base

Any anodized or RAL powder coat finish for the pendant body and surface mount base

The Micro Track is available in polished chrome, dark chrome or satin chrome and is available in straight or curved lengths to order - up to 2.5 mtrs

A range of decorative cable options are available

Various dimming options available: 1 - 10, DALI, DMX

Either remote 1A driver, or remote 12 V DC power supply with integral DC to DC dimmable LV constant current driver housed in the track adapter

The light output contains very little heat or UV - ideal for the illumination of sensitive materials

Up to 500 Lumens per pendant
