

MR16 Snap LED Spotlight

Interior LED Spotlight - Up to 9 Watts

Up to 700 Lumens per spotlight

MR16 Snap Spotlight IP20

Interior LED spotlight optimised to integrate with Soraa Snap MR16 LED lamps

Product description:

Interior spotlight designed to be used in a wide variety of hospitality, gallery, museum, high-end retail and residential applications where the quality and control of light is of high importance

Soraa's MR16 is the only MR16 lamp available which incorporates both Soraa Natural White™ and Soraa Vivid Color™ technologies, providing the most accurate and rich rendering attainable. Now featuring V+B technology, this line of lamps produces 95+ CRI, 95+ R9, 95+ Rf and 100 Rg. Superior optics design also allows the flexibility of use with Soraa Snap accessories. Single source LED, with the high CBCP and crisp single shadow of a halogen lamp. Soraa HEALTHY™ lamps available, designed with 100% blue-free spectrum technology

Available in 7.5W and 9W power levels. Available in 2700K, 3000K, 4000K, in beam angles of 10°, 25° and 36°

Either remote driver, or remote power supply with integral DC to DC dimmable LV constant current driver housed in the track adapter or surface mount base. 0-10V, DMX or Dali Dimmable

Soraa Magnetic Snap accessories include beam shifting accessories, colour temperature shifting accessories and 40° honeycomb louvre

Spotlights are rotatable in two axes. The spotlight can be used with Radiant's Micro Track, which is one of the smallest section low voltage tracks available, or a low voltage magnetic track can be used, which allows easy installation and movement of the spotlights on-site. The magnetic track has separate track circuits for low voltage power and dimming ensuring excellent dimming control with all protocols

Satin black, satin white or any RAL colour finish
